Solution-driven Front End Developer adept at contributing to highly collaborative or individual work environment, finding solutions and determining client satisfaction. Also, I'm quite a fast learner and I do explore new technologies to always be abreast and relevant in the industry. Proven experience building consumer-focused websites using HTML, CSS/Sass, JavaScript and React. Built websites for desktop and mobile app users over 4+ years, meeting the highest touchstones for web design, user experience, best practices, cross-device accessibility and speed. Designed and developed web applications across multiple APIs, third-party integrations and databases.
