

Emmanuel Isaac

Software Engineer - 2U

Lagos, GU

-Email me on Indeed: <http://www.indeed.com/r/Emmanuel-Isaac/1dc144394bc7d559>

Expertise as a full-stack software engineer, having built successful projects. Skillset spans across the application

lifecycle including detailed requirements, design, coding, testing, and deployment. Ability to work as part of a

team, with excellent verbal and written communication skills and interpersonal skills.

Andela extends engineering teams with world-class software developers. We recruit the most talented developers on the African continent, shape them into technical leaders, and place them as full-time distributed

team members with companies that range from Microsoft and IBM to dozens of high-growth startups. Backed by Chan Zuckerberg Initiative, GV (Google Ventures) and Spark Capital, Andela is building the next

generation of global technology leaders.

Willing to relocate: Anywhere

Sponsorship required to work in the US
