

Afuwape Ayodeji

Lagos, GU

-Email me on Indeed: <http://www.indeed.com/r/Afuwape-Ayodeji/67e3af2ff2c24e21>

I'm a Java developer passionate about software development and cloud computing. I seek an internship opportunity where I can apply my strong backend development skills to solve user-centered problems. I would also like to build on my experience with building real-life projects from concept to finish. I'm a quick learner and problem solver who is willing to go above and beyond to solve challenges, making me a valuable asset to any firm I join.

Work Experience

Bank Account Management

Links GitHub Link

April 2022 to April 2022

Designed and develop a REST API that performs a bank account's fundamental functions

Handled financial transactions using big decimal

Implemented the repository layer with Hibernate and MySQL as the database.

Links GitHub Link

E-commerce Application

February 2022 to February 2022

Developed the backend of an E-commerce using Spring Boot

Implemented ROLE-based authorization using Spring Security

Implemented the repository layer with Hibernate and MySQL as the database

Tested the application using some simple J-Unit testing.

Education

National Diploma in Electrical Engineering

Abraham Adesanya Polytechnic

2018 to 2020
